Under “For Pet Owners” tab, pick “Create your own recipe”

The screenshot shows the Hilary's Blend website interface. The browser address bar displays 'hilarysblend.ca'. The navigation menu includes 'About Hilary's Blend', 'Contact Us', 'For Pet Owners', and 'For Veterinarians'. A dropdown menu is open under 'For Pet Owners', listing 'Our recipes', 'Create your own recipe', and 'Evaluate your recipe'. A red arrow points to the 'Create your own recipe' option. The main content area features a large image of a dog and a cat surrounded by various fresh ingredients like vegetables, fruits, and fish. On the left, a yellow banner reads 'Welcome Veterinarians!' and 'Register to create medical recipes for your clients' dogs and cats', with a 'Register now' button. At the bottom, a green banner contains a button that says 'Start building/evaluating your recipe'.

Approx. Volume	Ingredients	Weight	Ingredient category
14 oz	Beef, ground, 90% lean meat / 10% fat, crumbles, cooked, pan-browned	400g	Protein
1 5/8 cups	Barley, pearled, cooked	250g	Carbohydrate
2 1/4 tsp	Oil, sunflower, linoleic, (approx. 65%)	10g	Oils
1 1/4 cups	Pumpkin, canned, without salt	320g	Vegetable
2 scoops	Hilary's Blend	20g	Vitamins and minerals

Feeding guide:

Your pet requires **317** kCals per **day**.
This recipe contains **143** kCals per **100g**.
Your pet requires **221** grams/day of this recipe.

Select the recipe yield:

per 1 kilograms of ingredients

I picked beef, barley and canned pumpkin from the “kitchen cupboard” then clicked “Next” to get a recipe.
The software gave me the above recipe which is balanced for healthy dogs but is not appropriate because the amount of pumpkin is excessive

This recipe is prepared for: Dog (Health Adult) AAFCO

I make the changes to the recipe and then I ask the software to evaluate the new recipe

Approx. Volume	Ingredients	Weight	Ingredient category
14 oz	Beef, ground, 90% lean meat / 10% fat, crumbles, cooked, pan-browned	400g	Protein
3 1/3 cups	Barley, pearled, cooked	535g	Carbohydrate
1 1/8 tsp	Oil, sunflower, linoleic, (approx. 65%)	5g	Oils
1/8 cup	Pumpkin, canned, without salt	40g	Vegetable
2 scoops	Hilary's Blend	20g	Vitamins and minerals

Feeding guide:

Your pet requires **317** kCals per **day**.

This recipe contains **164** kCals per **100g**.

Your pet requires **192** grams/day of this recipe.

Select the recipe yield:

per 1 kilograms of ingredients

The software gives me a new recipe using the numbers I put in.

You can also input your own recipe using
“Evaluate your recipe” to find out how much
Hilary’s Blend you need to add

The screenshot shows the Hilary's Blend website interface. At the top, there is a navigation bar with the following items: "About Hilary's Blend", "Contact Us", "For Pet Owners" (with a dropdown arrow), "For Veterinarians" (with a dropdown arrow), a green "Create Account" button, and a "Login" link next to a Canadian flag icon. A red arrow points from the text above to the "Evaluate your recipe" option in the dropdown menu under "For Veterinarians". The main content area features a large illustration of a black and white dog and an orange cat sitting behind a variety of fresh fruits and vegetables. On the left side, there is a yellow banner with the text "Welcome Veterinarians!" and "Register to create medical recipes for your clients' dogs and cats", with a green "Register now" button below it. At the bottom of the page, there is a green bar with a white button that says "Start building/evaluating your recipe".
